

INSTRUCTIONS FOR SPEED RING 9565

Fits Mole Richardson Teenie Mole 650

CAUTION: A WIRE SCRIM OR MOLE SAFETY SCREEN MUST BE USED WITH THIS LIGHT FIXTURE/SPEED RING COMBINATION.

Mounting the Ring to the Teenie 650:

- 1 - Remove the accessory holder from the front of the Teenie.
- 2 - Remove 2 of the mounting blocks on the Speed Ring.
- 3 - Slide the Speed Ring over the light housing and put the rolled lip into the appropriate groove on the two blocks as shown in photo below.
- 4 - Bolt the 3rd mounting block into position, install the wire scrim into the scrim slot on the Speed Ring if needed and bolt the 4th block in place. Replace and tighten all thumbscrews.

Parts List:

1	29301000	7.3" metal Speed Ring
4	95652000	Mounting bar
8	95405000	10-24 x 1.5" brass thumbscrew
